Policy purpose

This is a statutory policy which sets out E-ACTs obligations in relation to Accessibility at our Academy. This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in relation to Disability, of the Equality Act 2010. The Trust Board are accountable for ensuring the implementation, review, and reporting of progress of the Accessibility Plan over a prescribed period.

The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation.” According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

At E-ACT we ensure we follow the Equality Act 2010 and ensure protection against discrimination, harassment, and victimization (direct or indirect) for everyone under the nine characteristics: age, disability, gender reassignment, race, religion or belief, sex, sexual orientation, marriage and civil partnership, and pregnancy and maternity. This includes Gender Reassignment (also known as Transgender). The Accessibility Plan will be published on the Trust and Academy website.

Definition of special educational needs

In this policy, ‘special educational needs’ refers to a learning difficulty that requires special educational provision.

The SEND Code of Practice 0 to 25 Years (DfE, 2014) says children have a learning difficulty or disability if they:

- have significantly greater difficulty in learning than the majority of children of the same age; or
- have a disability which prevents or hinders them from making use of facilities of a kind generally provided for children of the same age in mainstream schools or post-16 institutions; and
- are under compulsory school age and are likely to fall within either of the definitions above when they reach compulsory school age or would do so if special educational provision were not made for them.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

Our Special Educational Needs and Disabilities (SEND) and Learning Policy and Information Report outlines the school’s provision for supporting pupils with special

educational needs and disabilities (SEND), and the E-ACT Equality and Diversity Policy explains how we ensure equal opportunities for all our students, increased access to the curriculum, physical access to the school and access to information particular to students with SEND.

This accessibility plan provides an outline of how the Academy will manage this part of the SEND provision.

In order to enjoy and access a balanced, rigorous and inclusive curriculum through which children learn effectively, the Academy and Trust aim to work with the wider school community partners to:

- Promote equal opportunities for all as an inclusive school regardless of disability, race, gender, culture or religion and make reasonable adjustments to the curriculum where required to cater for the needs of all pupils.
- Set high standards and targets for all pupils including those with a disability.
- Provide a safe and secure learning environment for all pupils.
- Develop pupil collaboration and independent learning opportunities.
- Make sure that all pupils are happy and fulfilled having a positive self-esteem.
- Equip all of our pupils with the necessary life-skills and become literate and numerate in order to gain a lifelong means of communication.
- Promote positive attitudes in pupils to enable them to develop socially, morally and spiritually so that they can make the right choices to stay safe.
- To positively encourage awareness and acceptance of disability both in and out of the classroom.
- Not to treat disabled pupils less favourably for a reason related to their disability;
- To make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage;
- To plan to increase access to education for disabled pupils.

Purpose of the plan:

To reduce and eliminate barriers in accessing the curriculum and to enable full participation in the academy community for pupils, prospective pupils, and adult users with a disability.

This plan sets out the proposals to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- increasing the extent to which disabled pupils can participate in the academy curriculum;
- improving the environment of the academy to increase the extent to which disabled pupils can take advantage of education and associated services;
- improving the delivery of information which is readily accessible to pupils who are not disabled.

Monitoring arrangements:

This document will be reviewed every 3 years but may be reviewed and updated more frequently if necessary.
